

Worksheet: Intramolecular Forces, Intermolecular Forces

1. List the intramolecular forces from weakest to strongest?
2. List the intermolecular forces from strongest to weakest and where they can be found?
3. Which is the strongest intermolecular force in the following compounds:
 - a. NCl_3 _____
 - b. NaF _____
 - c. SiI_4 _____
 - d. Li_2O _____
 - e. H_2O _____
 - f. SCl_2 _____
